We are honored to invite you to participate in XXIII International Scientific Congress which is held on April 27, 2023.

“Public administration of the 21st century: peculiarities of the war and post-war periods”

The aim of the Congress is to generalize and publicize the results of scientific research in the field of public management and administration, exchange state-building practices, and develop proposals for improving the efficiency of state power and local self-government institutions.

Scholars, academics, civil servants, officials of local self-government, graduate and post-graduate students, representatives of public organizations and mass media, as well as all interested parties are invited to participate in the Congress.

Working languages of the Congress: Ukrainian, English.
The program of the Congress includes a plenary session and three discussion groups in the following thematic areas:

1. Public policy and management in conditions of hybrid threats.
2. Development of the system of public administration and public service in Ukraine: challenges caused by the war.

The Congress is held in a videoconference mode via Zoom, the plenary session is starts on April 27 at 10:00 a.m. (Ukrainian time).
